

Prince George Downtown Walking Tour App Prince George Public Library – www.pgpl.ca

Gyde app 2.0+ on Android and Apple smartphones and tablets
July 30, 2015 (jlk)

Experience the Prince George Downtown Walking Tour whenever you want. The physical walking tour is available only during the summer, but with the Gyde app on your smartphone or tablet, you can enjoy the history of downtown Prince George year round.

Download and install the Gyde app:

1. It is best to install this app via a wi-fi (wireless) connection and not your smartphone data plan as the files will be sizeable
2. Open your app store on your device (App Store on Apple, Google Play on Android)
3. Search for **Gyde**
4. Tap the **install** button
5. Once the app has been installed, find the app on your device and tap on the **Gyde** icon to open it
6. Create an account

Open the Downtown Walking tour:

1. Tap on the **Gyde** icon on your device
2. Tap on the picture for the **Prince George Downtown Walking tour**
3. Gyde plans to host other tours, so you are welcome to view those as well

Experience the tour:

1. With the tour open, you can read or listen to the summary, then tap the **Continue** button
2. If your device's GPS is turned on, the closest Point of Interest on the map will be highlighted first
3. By tapping on the **speaker** icon, it will read you the information for each Point of Interest, or you can tap the **Information** button to read the text, look at photos, add your own photo or even write you own story with the Review button
4. The physical tour starts at City Hall, so you are welcome to tap on the lowest right map marker if you want to replicate the physical tour
5. Tapping the bottom right arrow button will move you onto the next Point of Interest
6. Tapping the picture at the top of each Point of Interest entry will allow you to view the full pictures
