CHALLENGED MATERIALS

The Prince George Public Library endorses the basic principles of Intellectual Freedom outlined in the following statement of the Canadian Federation of Library Associations:

"Libraries have a core responsibility to safeguard and facilitate access to constitutionally protected expressions of knowledge, imagination, ideas, and opinion, including those which some individuals and groups consider unconventional, unpopular or unacceptable. To this end, in accordance with their mandates and professional values and standards, libraries provide, defend and promote equitable access to the widest possible variety of expressive content and resist calls for censorship and the adoption of systems that deny or restrict access to resources."
(Canadian Library Association Position Statement on Intellectual Freedom and Libraries, amended, 2015).
